Translation from Bulgarian
MINISTRY OF PUBLIC HEALTH AND SOCIAL WELFARE
DIRECTORATE FOR SUPPLY AND MAINTENANCE OF MEDICAL
EQUIPMENT AND APPARATUSES
Ref. No. 1-705 of 30.03.1990, Sofia

Engineer ALEXANDAR BORISLAVOV IOTZOV has worked at the Directorate for supply and maintenance of medical equipment and apparatuses from 14.09.1987 to 11.04.1988 as a Chief Expert in service maintenance, Division of registering, laboratory, physiotherapeutic and ultra-sound diagnostic medical equipment.

Functions performed:

- organization and supervision of service maintenance of medical equipment in the enterprises under the directorate;
- keeping in contact with manufacturers to arrange warranty and post-warranty maintenance and claims;
- studying technologies of service maintenance of new models of medical apparatuses and their implementation in enterprises;
- development of nomenclature of spare parts for new types of medical apparatuses introduced in the medical practice in Bulgaria.

Eng. Alexandar Iotzov masters at professional level the organization and technology of service maintenance and correspondence with trading partners.

His high qualification and professionalism in the field of electronics, electrical engineering, electrical measurements and computer engineering allowed him to manage the division at a very high level. This recommendation is to serve for employment abroad.
